Questions…

What would we like to do next…

What should be on the agenda…

How do we mix the 'different worlds'…

How do we spread the message…

What are the challenges related to ented research…

What resources can practitioners draw from…

How can we (researchers and practitioners) co-create…

What would we like to do next…

- Focused writing retreat (in the Caribbean) – good interest
- Supporting MCR (mid career researchers/reengagers)
- Whatsapp type group (don't create own platform) – 1:HE perhaps? DGPR issues?
- 1-2-1 coaching/mentoring
- Areas of interest/expertise
- Facilitation of a real research problem (event; hackathon) – linked to writing retreat?
- Webinar

What should be on the agenda…

- See previous slide!
- Plus
- Engaging with policy makers
- Invitation to TEN/APPG
- Responding to policy calls with research data and practitioner experience
- Design thinking

How do we mix the 'different worlds'...

- Invite Alison to lead a discussion on entrepreneurship education policy (and how practitioners/researchers can input)

- Use our social capital and our different networks

- Expanding understanding of similarities and differences

- Bring micro-tensions out into the light (IDEO's creative confidence tensions in teams)

How do we spread the message…

- Twitter!!!
- LinkedIn
- EEUK newsletter / blog
- Whatsapp/equivalent
- Exciting and interactive
- Visual
- Share your content with us

What are the challenges related to ented research…

- Time
- Not taken seriously/being valued
- Understanding what's novel

What resources can practitioners draw from…

- ETC Toolkit
- IEEC conference
- ISBE conference procedings
- Presentations on EEUK
- Resources page on EEUK
- Entrecomp

How can we (researchers and practioners) co-create...

- Sessions like these!
- Feedback what we've done
- Keeping in contact with each other
- Taking contact details from post-it notes
